As a software engineer I solve real world problems through collaboration, logical frameworks, and attention to detail. I use my skills as an entrepreneur in the music industry to be proactive, manage time wisely, and always consider the users' experience. I have a passion for excellence and find joy in making the world a better place through the work that I do.

Professional Skills

- HTML
- CSS
- SASS
- Javascript
- Jquery

- PostgreSQL
- MongoDB
- Python
- AngularJS
- NodeJS

- ReactJS
- Git
- Github
